Performance Management Policy

The policy applies to the Head Teacher and to all teachers employed by the School except teachers on contracts of less than one term, those undergoing induction (NQTs) and those who are the subject of capability procedures.

1 Purpose

This policy sets out the framework for a clear and consistent assessment of the overall performance of teachers and the Head Teacher and for supporting their development needs within the context of the School's development plan and their own professional needs paying regard to their career stage and the framework of professional standards for teachers.

Where teachers are eligible for pay progression, the assessment of performance throughout the cycle against the performance criteria specified in the statement will be the basis on which the recommendation is made by the reviewer.

This policy should be read in conjunction with the School Teachers' Pay and Conditions Document.

2 Links to School self-evaluation and School improvement planning

To comply with the requirement to show how the arrangements for performance management link with those for School improvement, School self-evaluation and School improvement planning and to minimise workload and bureaucracy, the performance management process will be the main source of information as appropriate for School self-evaluation and the wider School improvement process.

Similarly, the School Improvement Plan and the School's self-evaluation form are key documents for the performance management process.

All reviewers are expected to explore the alignment of planning statement (reviewees' objectives) with the School's priorities and plans. The objectives should also reflect reviewees' professional aspirations within and beyond their current career stage as defined by the framework of professional standards for teachers.

3 Links to the framework of Professional Standards for Teachers

Performance management provides the context for regular discussions about teachers' career aspirations and their future development, within or beyond their current career stage. The framework of professional standards for teachers will provide a backdrop to discussions about how a teacher's performance should be viewed in relation to their current career stage and the career stage they are approaching.

The relevant standards should be looked at as a whole in order to help teachers identify strengths and areas for further professional development.

All reviewers are expected to explore the alignment of reviewees' objectives with the framework of professional standards for teachers to ensure that objectives reflect what can be reasonable expected of a teacher in a given career stage.

The framework of professional standards for teachers can be downloaded from:

<http://www.tda.gov.uk/teachers/professionalstandards.aspx>

4 Consistency of treatment and fairness

The Governing Body is committed to ensuring consistency of treatment and fairness in the operation of performance management.

To ensure this, the following provisions are made in relation to moderation, quality assurance and objective setting.

4.1 Quality assurance

The Head Teacher has determined that s/he will delegate the reviewer role for some or all teachers for whom s/he is not the line manager. In these circumstances the Head Teacher will moderate all the planning statements to check that the plans recorded in the statements of teachers at the school:

- are consistent between those who have similar experience and similar levels of responsibility;
- comply with the School's performance management policy, the regulations and the requirements of equality legislation.

The Governing Body will choose not to quality assure the planning statement.

The Governing Body will review the quality assurance processes when the performance policy is reviewed.

4.2 Objective Setting

The objectives set will be rigorous, challenging, achievable, time-bound, fair and equitable in relation to teachers with similar roles/responsibilities and experience, and will have regard to what can reasonably be expected of any teacher at that career stage given the desirability of the reviewee being able to achieve a satisfactory balance between the time required to discharge his/her professional

duties and the time required to pursue his/her personal interests outside work, consistent with the school's strategy for bringing downward pressure on working hours. They shall also take account of the teacher's professional aspirations within and beyond their current career stage and any relevant pay progression criteria. They should be such that, if they are achieved, they will contribute to improving the progress of pupils at the school.

The reviewer and reviewee will seek to agree the objectives but where a joint determination cannot be made the reviewer will make the determination. In this School, teachers, including the Head Teacher, will not necessarily all have the same number of objectives: the number of objectives will depend on the teachers themselves and the agreed priorities in their duties.

Though Performance Management is an assessment of overall performance of teachers and the Head Teacher, objectives cannot cover the full range of a teacher's roles/responsibilities. Objectives will, therefore, focus on the priorities for an individual for the cycle. At the review stage it will be assumed that those aspects of a teacher's roles/responsibilities not covered by the objectives or any amendment to the statement which may have been necessary in accordance with the provisions of the regulations have been carried out satisfactorily.

5 Reviewing Progress

At the end of the cycle, assessment of performance against an objective will be on the basis of the performance criteria set at the beginning of the cycle. Good progress towards the achievement of a challenging objective, even if the performance criteria have not been met in full, will be assessed favourably.

The Performance Management cycle is annual, but on occasions it may

be appropriate to set objectives that will cover a period over more than one cycle. In such cases, the basis on which the progress being made towards meeting the performance criteria for the objective will be assessed at the end of the first cycle and will be recorded in the planning and review statement at the beginning of the cycle.

6 Appeals

At specified points in the Performance Management process teachers and Head Teachers have a right of appeal against any of the entries in their planning and review statements. Where a reviewee wishes to appeal on the basis of more than one entry, this would constitute one appeal hearing.

Details of the appeals process are covered in the School's pay policy.

7 Confidentiality

The whole performance management process and the statements generated under it, in particular, will be treated with strict confidentiality at all times. Only the reviewee's line manager or, where s/he has more than one, each of her/his line managers will be provided with access to the reviewee's plan recorded in her/his statement, upon request, where this is necessary to enable the line manager to discharge her/his line management responsibilities. Reviewees will be told who has requested and has been granted access.

8 Training and Support

The School's CPD programme will be informed by the training and development needs identified in the training annex of the reviewees'

planning and review statements.

The Governing Body will ensure in the budget planning that, as far as possible, appropriate resources are made available in the school budget for any training and support agreed for reviewees.

An account of the training and development needs of teachers in general, including the instances where it did not prove possible to provide any agreed CPD, will form a part of the Head Teacher's annual report to the Governing Body about the operation of the performance management in the school.

With regard to the provision of CPD in the case of competing demands on the school budget, a decision on relative priority will be taken with regard to the extent to which:

- (a) the CPD identified is essential for a reviewee to meet their objectives; and
- (b) the extent to which the training and support will help the school to achieve its priorities. The School's priorities will have precedence.

Teachers should not be held accountable for failing to make good progress towards meeting their performance criteria where the support recorded in the planning statement has not been provided.

9 Appointment of reviewers for the Head Teacher

9.1 Appointment of Governors

In this school the Governing Body is the reviewer for the Head Teacher and to discharge this responsibility on its behalf to the Chair of Governors, the Vice Chair and Chair of the appropriate committee.

Normally at least two Governors will conduct the annual review.

9.2 Appointment of External Advisor

The Governors will use the services of an External Advisor to facilitate the review. Normally the EA will be sought from the other four Head Teachers in the Northampton Primary Academy Trust. Other EAs may be used if necessary.

9.3 Appointment of reviewers for teachers

In this School, the Head Teacher will be the reviewer for all teachers.

10 The Performance Management cycle

The performance of teachers must be reviewed on an annual basis. Performance planning and reviews must be completed for all teachers by 31st October and for Head Teachers by the end of February.

The Performance Management cycle in this School, therefore, will run from September to July for teachers and for the Head Teacher.

There will be a mid-year review for all teachers with the Head Teacher. The Head Teacher will have a mid-term review with the Chair of Governors.

Teachers who are employed on a fixed term contract of less than one year, will have their performance managed in accordance with the principles underpinning the provisions of this policy. The length of the cycle will be determined by the duration of their contract.

Where a teacher starts their employment at the School part-way through a cycle, the Head Teacher or, in the case where the teacher is the Head Teacher, the Governing Body shall determine the length of the first cycle for that teacher, with a view to bringing her/his cycle into line with the cycle for other teachers at the school as soon as possible.

Where a teacher transfers to a new post within the School part-way through a cycle, the Head Teacher or, in the case where the teacher is the Head Teacher, the Governing Body shall determine whether the cycle shall begin again.

11 Retention of Statements

Performance management planning and review statements will be retained for a minimum period of 6 years.

12 Monitoring and Evaluation

The Governing Body will monitor the operation and outcomes of Performance Management arrangements.

The Head Teacher will report to the Governing Body on the operation of the School's Performance Management Policy annually. The report will not contain any information which would enable any individual to be identified.

The report will include:

- the operation of the Performance Management Policy;
- the effectiveness of the School's Performance Management procedures;
- teachers' training and development needs.

The Governing Body is committed to ensuring that the Performance Management process is fair and non-discriminatory and the following monitoring data should be included in the Head Teacher's report because they represent the possible grounds for unlawful discrimination:

- Race
- Sex
- Sexual orientation
- Disability
- Religion and belief
- Age
- Part-time contracts
- Trade union membership.

The Head Teacher will also report on whether there have been any appeals or representations on an individual or collective basis on the grounds of alleged discrimination under any of the categories above.

13 Review of the Policy

The Governing Body will review the Performance Management Policy every other school year at a Full Governing Body meeting.

The Governing Body will take account the Head Teacher's report in its review of the Performance Management policy. The Policy will be revised as required to introduce any changes in regulation and statutory guidance to ensure that it is always up to date.

The Governing Body will seek to agree any revisions to the Policy with the recognised trade unions having regard to the results of the consultation with all teachers.

To ensure teachers are fully conversant with the Performance Management arrangements, all new teachers who join the School will be briefed on them as part of their introduction to the School.

14 Access to documentation

Copies of the School Development Plan and SEF can be obtained from the School Office.

15 Classroom observation protocol

All classroom observation will be undertaken in accordance with the Performance Management regulations, the associated guidance published by the Rewards and Incentives Group and the classroom observation protocol.

Confirmatory Signatures

Annex 1 Classroom Observation Protocol

The Governing Body is committed to ensuring that classroom observation is developmental and supportive and that those involved in the process will:

- carry out the role with professionalism, integrity and courtesy;
- evaluate objectively;
- report accurately and fairly;
- respect the confidentiality of the information gained.

Guidance for head teachers on classroom observation, can be found at:

http://www.northamptonshire.gov.uk/en/councilservices/EducationandLearning/services/hr_schools/Pages/Policies.aspx

The total period for classroom observation arranged for any teacher will not exceed three hours per cycle having regard to the individual circumstances of the teacher however there is no requirement to use all of the three hours. The amount of observation for each teacher should reflect and be proportionate to the needs of the individual, but there is an expectation of a minimum of one hour to enable appropriate judgements to be made.

In this School, 'proportionate to need' will be determined by discussion between the member of staff and their reviewer.

The arrangements for classroom observation will be included in the plan in the planning and review statement and will include the amount of observation, specify its primary purpose, any particular aspects of the teacher's performance which will be assessed, the duration of the observation, when during the Performance Management cycle the observation will take place and who will conduct the observation.

Where evidence emerges about the reviewee's teaching performance which gives rise to concern during the cycle, classroom observations may be arranged in addition to those recorded at the beginning of the cycle, subject to a revision meeting being held in accordance with the Regulations.

Information gathered during the observation will be used, as appropriate, for a variety of purposes, including informing School Self-Evaluation and School Improvement Strategies, in accordance with the School's commitment to streamlining data collection and minimising bureaucracy and workload burdens on staff.

In keeping with the commitment to supportive and developmental classroom observation those being observed will be notified in advance. This should be at least five working days.

Classroom observations will only be undertaken by persons with QTS. In addition, in this School, classroom observation will only be undertaken by those who have had adequate preparation and the appropriate professional skills to undertake observation and to provide constructive oral and written feedback and support, in the context of professional dialogue between colleagues

Oral feedback will be given as soon as possible after the observation and no later than the end of the following working day. It will be given during directed time in a suitable, private environment.

Written feedback will be provided within five working days of the observation taking place. If issues emerged from an observation that were not part of the focus of the observation as recorded in the planning and review statement these should also be covered in the written feedback and the appropriate action taken in accordance with the regulations and guidance.

The written record of feedback also includes the date on which the

observation took place, the lesson observed and the length of the observation. The teacher has the right to append written comments on the feedback document. No notes made by the reviewer in addition to the written feedback will be kept.

INFORMAL MONITORING ('drop ins')

A Head Teacher has a duty to evaluate the standards of teaching and learning and to ensure that proper standards of professional performance are established and maintained. Heads have a right to 'drop in', to inform their monitoring of the quality of learning. This is not a formal part of the monitoring process.

In this School, 'drop ins' will only be undertaken by the Head Teacher.
